White Pine Blister Rust control as conducted in this town during 1940 by the State Forestry & Recreation Department and the Federal Bureau of Entomology was a part of a nationwide program of protecting white pine growth from a bark disease, which, though not spectacular, represents a very serious menace to this tree if not controlled. Throughout the northeastern states, where white pine is especially important, counties, towns, cities, and individual owners have cooperated with State and Federal agencies. In the Far West, upon the National Forests and holdings of large lumber companies, Blister Rust control is recognized as a necessary practice in growing white pine. Recently, the Federal Government reaffirmed and emphasized the need of White Pine Blister Rust control by the passage of an act authorizing financial assistance to such states as are carrying on control measures. All towns and their citizens are strongly urged to cooperate with the State and Federal governments in their efforts to maintain control of this destructive disease.

LIBRARIAN'S REPORT

The number of volumes in the Harrisville Library on Feb. 1, 1940 was 2,965. During the year 169 books were added making a total of 3,134 volumes on Feb. 1, 1941. This is a smaller number than last year due to the fact that fewer books were donated this year. The circulation is adult fiction 2,112; juvenile 1,615 and non-fiction 1,031. We are pleased that the students continue to use our reference books and hope that they may come to the library more and more for information.

For the information of some who may not know it, there are many current magazines available at the library. These include: Ladie's Home Journal, Red Book, Cosmopolitan, Good Housekeeping, American Home, Farmer's Wife, Readers Digest, Life, News Week, Popular Mechanics, American Girl and Jack and Jill. These may be taken from the library and numbers are kept from the previous year.

We wish to thank the following for donations of books: Jimmie Lavigne, Mr. Chant, Mr. Tuttle, Mrs. Bennett and Mrs. Albert Upton.

Respectfully submitted,
HELEN B. THAYER,
Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Harrisville:

I herein submit my eighteenth annual report as superintendent of schools.

Education today faces a crisis in history and civilization. If we are to maintain the ideals of democracy, we must not forget the boys and girls in our public schools who are soon to be the men and women that have to carry on in a changed world. They will have to cope against questions far reaching and pay enormous debts. Therefore, it is fitting that we scrutinize carefully our objectives and clarify our methods of procedure. Indeed, in our final analysis, we must regard our boys and girls in the public schools as our first and last line of defense.

All isms and philosophies that are poisonous to democracy and the American Way of life must be banished from the public schools and colleges.

We believe our methods of procedure must follow along three lines of thought, viz. (1) An invigorated drill and practice in fundamentals, the efficiency of the "Three R's" can not be overlooked, the purity of the English language must be maintained, the intellectural activity and vision of life extended. (2) The pupils must be imbued with a deeper feeling for, sense of appreciation of, and a higher respect for the home, the school and the community. (3) Every child must be brought into contact with some situation of life that may give him control of himself, give him the power of decision between right and wrong. The boys and girls of today are looking not only onward but also upward.

Let our training be such that they will see more above them than airplanes but will grasp the fundamental ideas of a Divinity that rules the Universe.

With the cordination and correlation of the above mentioned lines of thought, we may be able to reach our objective, viz. the true Christian American citizens, to whom we may delegate with safety the welfare of the American Way of life, the Constitution and the highest ideals of democracy.
